

BIOZYME 5000

Phytase Food Supplement

Biozyme 5000 is a new phytase derived from non-pathogenic strains. It helps to increase Phosphorous availability/ digestability and hence reduce the inclusion of higher cost. It is an anti-nutrient, affecting an increase in mucus production and loss of amino acids & finally influence for mineral absorption

Features and Benefits

- Better feed conversion & increase intact protein
- Reduces the amount of inorganic Phosphorus added to feed
- Increase protein, amino acids, trace minerals and carbohydrate availability
- Increases growth performances in chicks
- Ensure balanced supply of digestible minerals

COMPOSITION

- Phytase 10,000 IU/g

DOSAGE

Broilers / Breeders :

Up to 50g - 100g per ton of feed

Layers :

Up to 30g - 60g per ton of feed

Packing

5 KG

Animal feed supplement only.
Not for human / medicinal use. Keep in cool dry place.
